Gumdale State School Community Business Network

A message from the Principal Phil Savill

The Gumdale State School is a coeducational state primary school that caters for students from prep to year 6. Currently about 960 students attend our school and are predominantly from the surrounding suburbs of Wakerley, Gumdale and Chandler. At Gumdale State School, we aim to prepare pupils to take their place as contributing community members of the future and to be well-mannered, industrious pupils of the present. We strive to make this school a secure and happy environment in which each student will feel important as an individual.

At the Gumdale State School we pride ourselves on valuable partnerships with the local community. In 2016 we developed a Community Business Network. This community initiative serves to connect business supporters of our School throughout our community in a practical and mutually beneficial way.

More information about the program can be obtained by contacting:

Marissa Bowen

Executive Assistant
