

Gumdale SS STEAM Club Nomination:

Clean Schools Award - Primary

"STEAM Club members (students, teachers and community volunteers) are working diligently to make Gumdale SS a more sustainable school. They have investigated waste at our school and devised an improvement plan for 2018.

Tasks completed so far are:

- Waste analysis
- Worm farms
- Native bee-hive

Tasks underway:

- Recycling, Organics and Waste bins in eating areas.
- Education campaign for students and teachers.
- Compost bin design and construction.
- Edible gardens to supply tuckshop and future fundraising activities.

Future tasks:

- Education campaign for families to a move toward litter free lunches.
- Reflecting and measuring the success of our 2018 Sustainability Project.
