Why do you think leaning at school is great?  
I think learning at school is great. I like iPads-sketchers, Kahoot, GarageBand, Book Creator and lots more. On Seesaw you can see what your friends are doing and can give a compliment to your friends.

ZAAK

Why do you think learning at school is great.

I think learning at school is great because I get to see my friends every day, but not the weekend. Sometimes we get to play prodigy maths after second break in the afternoon. It's better for learning because every time you level up, you get more difficult maths to do.

It's challenging because it gets harder all of the time.

I like playing garage band on the iPad, creating new songs. I like doing maths as well.

**BACHMANN, BRAX (BBACH0)** JUN 23, 2020 12:53PM

## Brax

Why do you think learning at

I think learning at school is great because I also like iPads.

I like iPads because you can use apps like - the interactive clock, pages power point sketches, Pic collage, Apple clips, iMovie, keynote, typing tournament, book creator, kahoot! Quizzes, Garage band, epic books .

School is fun because we can do P.E. and P.E. is fun because I'm very sporty .

I like School because my second favourite hobby is math and math is fun.

**MAJID, IBRAHIM (IMAJIO)** JUN 23, 2020 12:54PM

## Ibrahim

you think learning at school is great?

I think learning at school is great because I like to get a good education so I can get the best job when I grow up.

I also like good educational apps like seesaw, Mathletics, Epic books.

In the seesaw journal you can share your work with your teacher and your friends and parents. Showbie saves paper because you can do everything on the iPad instead of printing and wasting paper.

I also like sound waves as it's good for English and our homework textbook teaches grammar ,English and punctuation ,Maths and revision and more. I have much more reasons to tell you why i really like school... mathletics is a good app with lots of sections for hard or easy activities. You can take tests to see if you are improving, step

I like learning at Gumdale because it has great learning opportunities like music, science, sailing and iPads. Our classroom is cool in summer so I come back from lunch and I feel like doing some work.

I like learning at school because I have the best teacher and I get to see all my friends. Also I can play all my favourite games at lunch time. I get to do learning in fun ways, like using Prodigy ,Kahoot and Seesaw.

**ANONYMOUS** JUN 23, 2020 12:52PM

## Will 3R

I think learning at Gumdale is great because we get to have fun learning on iPads and we get to choose where we sit in the room. I like this because it's a privilege to get to choose who you learn with and sit with. I try to choose friends that I know will want o learn with me brilliantly. The iPads have so many fun apps that make learning feel more fun... better!

## Daniel's

I like learning at school because I have the best teacher and I get to see all my friends plus I can play all my favourite games at lunch  time. I like learning at my school as I get to do learning in fun ways on my iPad. My favourite apps are prodigy ,Kahoot! quizzes and seesaw. Prodigy is my favourite because you can play with friends and get better at maths at the same time. I like learning at school because it helps me get better at writing because I get to talk about my writing with my teacher and my friends.

## Seth

Why do you think learning at school is fun ?

I think learning at school is fun because we read books on Epic and Epic has read aloud books. I love prodigy maths because I love Maths and you can get cool stuff in it. I like seesaw because you can show your parents the work you're doing and you can comment on your friends' work and your classmates' work too.

**ANONYMOUS** JUN 23, 2020 12:54PM

**BOSTON ~ Why do you think learning at school is great? I think learning at school is great because of iPads. When you learn, you can play fun games like Kahoot quiz, and prodigy- the maths game. I also like sharing my work on seesaw because you can share with your parents and you can see your friends' work. My favourite apps are book creator and Showbie. You can have fun with the tasks like tic tac toe, word search and crossword and it means you don't have to print everything. It saves money! By Boston**

**MINDEE** JUN 23, 2020 12:16PM

**MINDEE FINAL COPY Why learning at school is great?I like learning at school because when you are learning from home you aren't with your friends and you have no one to talk to. Also it isn't as fun and exciting. When you are at home you don't do as fun stuff than at school. Another reason why it is better at school is because you have so many great places to play in break time. From Mindee**

**PRICE, RILEY (RPRIC98)** JUN 23, 2020 12:53PM

**RILEY. FINAL COPY** Why do you think learning at school is great? By Riley I think learning at school is great because we get to use iPads and that's a fantastic privilege. When we use our iPads we can play fun games like Kahoot quizzes to see what we remember in our fun way of learning, and prodigy the maths game is challenging, but it seems like a game. I also like sharing my work on seesaw because I feel really proud when I finish a good creation that I've made and my teacher and parents say good comments on my hard work.

**ANONYMOUS** JUN 23, 2020 12:52PM

**I like learning at school because you can play on your iPad for example, seesaw, Sketches, pages, Mathletics, typing tournament, PicCollage, Geoboard, Kahoot!, Epic books, book creator and clips. I also like to comment on my friends' work as well. I like playing at school because you there are so many places to play here in our school and there's a lot of interactive sports. Chelsea**

**Nate**

Why do you think learning at school is great?  
I like learning at school because I like seeing all my friends and my amazing teacher.

I like going on iPad' because you can go on Education apps and so much more.

I like going on iPad's because I like going on kahoot quizzes and prodigy maths. I like sharing my work on seesaw with my friends and my family.

**COHEN, EMMA (ECOHE9)** JUN 23, 2020 03:20PM

**Emma 3R**

Why do you think learning at school is great?

I think learning at school is great because I like seeing my friends and my teacher.

I get to learn with my amazing teacher and play with my friends.

seesaw— I get to share my learning with my parents; post encouraging comments about my friends' work on seesaw and make videos of how I do my maths sums.

**CLOETE, JAYLENE (JCLOE0)** JUN 23, 2020 12:34PM

**Why I think learning at school is great...**

JAYLENE

Why Do You Think Learning At School Is Great?

I think learning at school is great because you get to learn wonderful things and make new friends!

I also like that you get to have awesome teachers and get awesome activities! I love that we get to go on iPads to learn because I love learning.  
Some of my favourite iPad apps are:

Fun iPad Apps - Sketches, pages, keynote, garage band, padlet, pic collage, mathletics, typing tournament, seesaw -share our work, showbie -saves paper, geoboard, number facts, kahoot, epic books, book creator, imovie, clips, visnos, interactive clock, spelling city, Bug club reading library, sound waves.

**BRAYSHAW, ISLA (IBRAY7)** JUN 23, 2020 01:07PM

**Isla 3R**

**Why do you think learning at school is great?**

I think learning at school is great I like see my friends and my amazing teachers and I also working on our iPads . We can go on prodigy, sketches and epic books too.

**ANONYMOUS** JUN 23, 2020 12:53PM

**LEILA.**

Why do you think Learning at school is great?  
Well I love everything in school especially the teachers and students ... everyone at Gumdale -that means I am talking to you.

I love using the iPads at school and my favourite apps are sketches school (lets me be creative and in my own world) and Garage Band, because I love being able to sink into the music zone and make music that goes with my writing.

**WARES, ARCHIE (AWARE67)** JUN 23, 2020 03:24PM

**Archie**

I think learning at school is great because I get to learn in fun ways like using Showbie, Kahoot, Epic Books and Prodigy Maths.

I really like sharing my work in Seesaw so my Mum and Dad can see what I'm doing at school and I like to see what my friends

are doing. It's awesome because it's very good for making me feel that I can do my homework...

IVY JUN 23, 2020 12:53PM

## Ivy 3R

IVY. FINAL COPY

Why do you think learning at school is great?

I love learning at school because my teachers are the kindest and I get to learn new things everyday. I also love getting to see everybody in my classroom working their very BEST. Another reason is I love the smell of the school and the plants look so beautiful and smell so lovely. This is the thing I want to change - people ruining the plants and people running on the concrete and getting hurt badly. I love our school so much that I never want to leave, as well as learning on our iPads helps us learn too. There are games for school that help learning way easier for kids like me.

NOTHNAGEL, KAITLYN (KNOTH0) JUN 23, 2020 03:24PM

**Kaitlyn ~ Why do you think learning at school is great? I believe that learning at school is great because I love to learn and then I can get more clever and much smarter. I think it's great to learn at our school because we get to learn with our iPads. The iPads make learning much easier because you get to fix up your mistakes easily and teaches you to spell. I like it when I can listen to my teacher's feedback about my writing. I can listen on my headphones and type in any changes I would like to make. Some of my favourite iPad apps are: sketches, pages, keynote, garage band, pallet pic, collage Mathletics, typing tournament, seesaw - share our work, Showbie - saves paper!!! Geoboard, number pieces, kahoot, epic book's, book creator, iMovie, clips, Visnos, interactive clock, spelling city, bug club reading library basic facts, sound waves online, seesaw - sharing you learning with parents; post encouraging comments about my friends' work on seesaw. Showbie saves paper & it's fun to do activities.**

MCDONOUGH-VARNEY, JASPER (JMCD0585) JUN 23, 2020 12:54PM

**JASPER FINAL COPY Why learning at school is great! Learning at school is great because I get to see my friends and use iPad apps such as pages, book creator and typing tournament Typing Tournament helps us type and also some apps help us build our creativity. My school helps me write, keep me company and make me feel at home**
